Mineral Collection

Loft Collection

Earth Collection

Final colors and pattern may vary due to slight batch to batch manufacturing variation, application techniques, environmental conditions, the surfaces being treated and other elements which may cause differences from the samples presented. All colors are representative only.

Rev. 3-28-19

Achieve the Look of Natural Stone at a Fraction of the Price

- Three color collections to match a variety of design styles:
  - Mineral Collection
  - Earth Collection
  - Loft Collection
- Clear coated for lasting durability
- Return to service in as little as one day
- Less inconvenience than renovation, with less waste
- Environmentally preferred, water-based multi-color finish
- Low odor, low VOC, FDA-compliant topcoat options are available

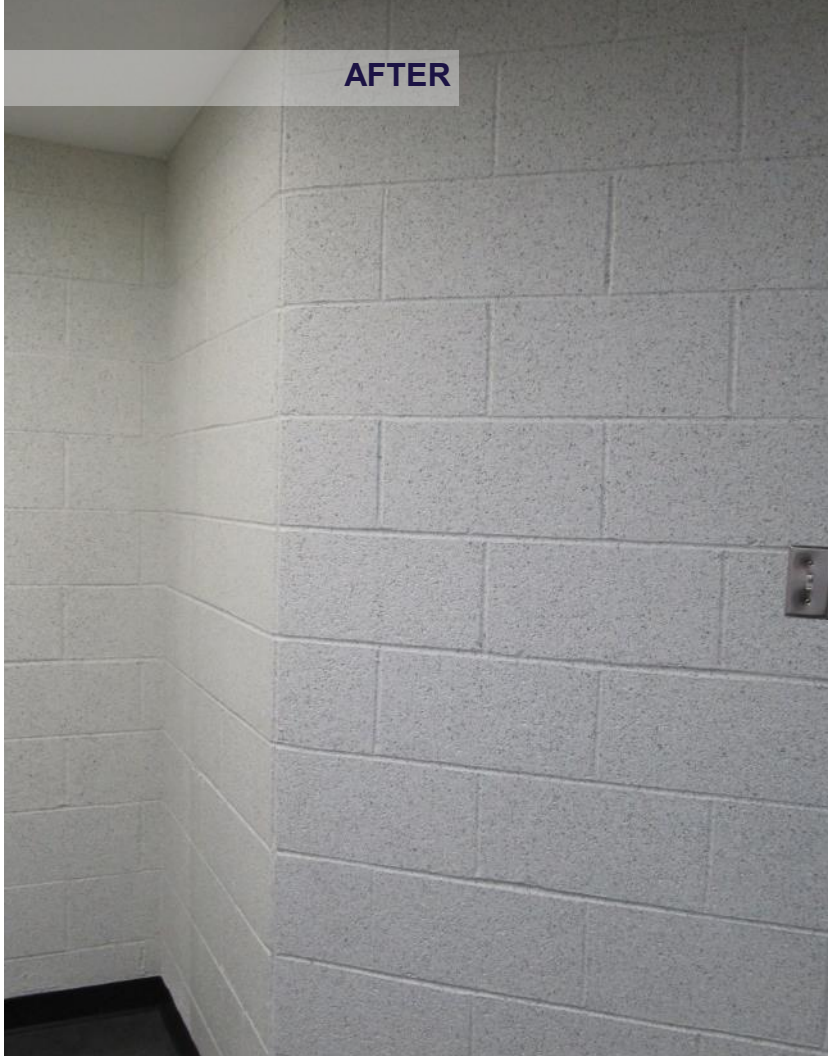
The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All colors are representative only.

Add Sterlion™ silver ion antimicrobial technology to any StoneFlecks Ultra coating to protect the surface from the harmful effects of bacteria.

The Mineral Collection

A series of gray colors with richness and depth ranging from the cool tones of the frozen tundra to the darkness of deep space.

BEFORE



AFTER

Increase the functionality of a coated surface with optional additives

ANTIMICROBIAL

Sterlion™ antimicrobial technology helps protect the surface from the harmful effects of product-damaging bacteria

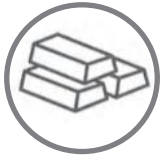
TRACTION ADDITIVE

Standfast™ traction additive integrates into the cured coating, offering a slip-resistant finish to the surface

FLECK ENHANCER

Dynamic Fleck Enhancer™ enlarges the multi-color particles in a StoneFlecks Ultra coating to create a more natural appearance

METALLIC



Dream Metallics, available in six beautiful, modern colors; gold, silver, pearl, bronze, ebony and copper, create a metallic shimmer to any StoneFlecks Ultra coated surface

ODOR ELIMINATOR

Fresh Scent™ modifies and masks the chemical odor during the application process and continues to emit a pleasant scent throughout the curing process
